Total Area	351 m ²

Perched on a sheer cliff face, this Mt Tamborine holiday rental features 3 bedrooms and 2 bathrooms with the most amazing views that take in all of the local valleys and rainforests, as far as the Gold Coast shore line and beyond out to the sea.

Designed for those that need to escape and get away from the crowd. This impressive self catering house with a fully equipped kitchen features an open plan living and dining area, two viewing decks including one with a fireplace that you can sit around at night, surrounded by nature, on top of the world and enjoy this unique experience.

Below the cliff are natural rainforests. On the east is a grassed area and gazebo and on the west is a rainforest and waterfall. Because of its stunning location, we decided to call it the "Edge House".
